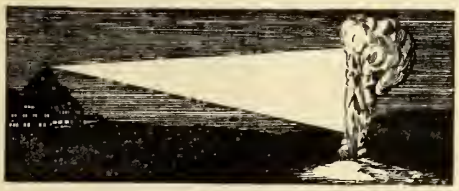
Illuminated Eruption of Old Faithful Geyser



A searchlight will be played on Old Faithful Geyser every evening during first eruption after 9 p.m. The approximate time will be announced in all lobbies.

See All of Yellowstone Park

Much of the beauty and appeal of Yellowstone lies away from the main loop roads. So that you may know and enjoy the allure of these hidden places, motor trips, saddle horse trails, nature walks, fishing and picnic excursions are outlined here for you. They bring you the charm and adventure of forests, streams, mountains, lakes, and countless wonders of the Park so often missed by the hurried visitor.

Motor Trips

Visit this phenomenal area of geysers, hot pools and fumaroles in ease and comfort on a yellow bus. Regular trips listed below, but special trips will be gladly arranged for you by the Transportation Agent.

Biscuit, Black Sand Basins — See Sapphire Pool, beautiful deep blue marvel; Jewel Geyser, Daisy Geyser, Old Faithful's closest competitor for regularity; Sunset Lake, shimmering and radiant with color; Emerald Pool, sea-green gem; and many another geyser and brilliant pool. 2 hour trip. Lv. 9 a.m. and 2 p.m. Fare, each person $1.00.

Lone Star Geyser—Far from the cluster of geysers on the hill is the Lone Star—standing majestically alone. Cone 25 feet tall, erupts every three hours to a height of 40 to 60 feet for a ten-minute play. Route follows approach to Continental Divide and then dips thru a shady forest road. Fare is 50c each person, minimum of 5 fares.

Great Fountain Geyser—Remote and seldom visited lie the Great Fountain Geyser, Firehole Spring, Broken Egg Spring, Surprise Pool, and Firehole Lake. Each different from the other and offers a striking contrast to what you have seen in the Old Faithful basin. A trip of nearly 20 miles, takes 2 hours, fare $1.00, minimum 5 persons.

Jackson Lake, Teton Mountains, and return to Thumb. See Transportation Agent for full details of this interesting two-day motor jaunt to the Teton National Park country.

Saddle Horse Trips

Explore Old Faithful and the many wonders all about it in true pioneer fashion—on horseback over scenic woodland and hillside trails that lead far from the beaten path of highways. The trips, which are conducted by cowboy guides, are as follows:

Mystic Falls—An inviting forest, meadow trail past Black Sand Basin and across the Little Firehole river. Following this stream for a short way, the trail breaks suddenly upward to the plateau overlooking Old Faithful, and finally to wraith-like Mystic Falls with its spreadeagled 150 ft. drop. 2 hr. trip. Lv. 9:15 a.m., each $2.00.

Mallard Lake—A shady, cool jaunt thru deeply wooded hills approaching the Continental Divide. A gentle slope leads down to this sleepy, quiet lake nestled among pines bordering shore. 2½ hrs. Each person $2.50. Lv. 2:15 p.m.

Lone Star Geyser—Over a carpet of pine needles and flower mantled hillsides this trail leads eventually into shady forest stretches to an open spot where Lone Star Geyser rises in solitary majesty. Distinctive for its 25-foot cone, it plays to a height of 40 to 60 feet every three hours for a duration of ten minutes. Each person $2.00.

Shoshone Lake—This trail offers unusual opportunities to see game in their meadow and forest haunts. Route passes Lone Star Geyser, turning sharply into wooded hills, then along Shoshone Creek. A break into open country up to Shoshone Geyser Basin with its numerous pools and geysers. Trail circles upper end of beautiful Shoshone Lake. Each person $3.50.

Minimum of three persons on two above trips.

Walking Trips

All trips start from Old Faithful Geyser Cone and are conducted by ranger naturalists. Nature Walk leaves 8:15 a.m.; Greater Geysers Walk, 9:15 a.m. and 1:30 p.m. Trips take about 2 hrs.
